

# JULIAN CUYAMACA FIRE PROTECTION DISTRICT

Julian's property owners have been generous and remarkable with their past support of the Julian-Cuyamaca volunteer firefighters. We thank you for support that has boosted our financial stability and provided necessary equipment to protect your lives and property.

As you know, Julian property owners have been contributing through a special benefit fee for the construction of a new station to replace our 30-year-old wood-frame building. The current station has no bedrooms for firefighters or paramedics who are on duty 24 hours, no kitchen, and no conference room or indoor training area. The new station will have all these necessities and more. We are building our new fire station and will take occupancy by February 2017.

As we approach completion, we will need to furnish and purchase supplies for the station. We need furniture, bedding, small appliances, tools, landscaping, a large generator and other equipment. Your support will help us with these projects and enable us to provide a superior station for your volunteer firefighters and paramedics.

We have created a beautiful donor tree that will serve as acknowledgement to the individuals, businesses and organizations that have supported the completion of the station. Bronze and silver leaves on the tree will be engraved with the names of donors and will be a permanent testament to those who have helped support our volunteers. This large piece of art to be installed in the lobby is a perfect way to donate on behalf of yourself or family, memorialize a deceased friend or loved one, honor a special individual, or recognize a business or organization.

We have also set up a registry at Target (online) where you can choose a gift for the station. Gifts range from under \$5 and every single item will be appreciated by the residents of the new station. Simply go to [www.JCFPD.com](http://www.JCFPD.com) and click on the icon for Target Gift Registry. You will be directed to the online website where you can easily choose and pay for your gift to our firefighter heroes.

We need your donations now. Any amount, no matter how small, will be greatly appreciated. Please complete the donation form and send your contribution as soon as possible.

Sincerely,  
District Chief Rick Marinelli
